

Peasefest  
9-10 JUNE 2018

**Programme**

# Welcome

*Welcome to Peasefest 2018 – The Peasemore Festival...Your festival*

*We're back!*

*Some said it might never happen but we're most definitely here. It's been a few years since we've run the Peasemore Festival and this time the format has changed a little. We've moved from October to June and from indoors to mostly outdoors however the theory is still the same, get everyone together and have a great party!*

*Peasefest this year is absolutely focussed on ensuring that **every penny of profit from the event goes towards replacing the children's playground equipment** so you can be sure that everything you spend at the festival will be making its way to a very good cause. Not only are you investing in a good cause, you're hopefully having fun doing it.*

*Before you delve into the pages of activities, drinks, food and music that have been put together for your entertainment we need to take a moment to say Thank You.....*

*A big thank you to our sponsors, local companies and individuals who have helped with their time, services and in some cases hard earned money to make the event a success.*

*Thank you also to the Peasefest committee who started working on this event six months ago back in December 2017. Nobody dares to tot up the hours put into the event by everyone but its been an absolute rollercoaster ride of fun and lots of hard work.*

*Lastly, Thank you to YOU. Thank you for coming along and supporting the event, without you there would be no point.*

*Have a fantastic day, join in, relax and enjoy.*

## What is it all about?

*Firstly to have fun! There's nothing better than enjoying music, drink, good food, great company and hopefully sunshine.*

*However, all proceeds from the festival will go towards raising money for replacing the children's play equipment in Peasemore which is now over 10 years old and has been partially condemned due to the equipment deteriorating and changes of health and safety requirements.*

*Due to modern regulations around Health and Safety the equipment and installation is not cheap. The project will cost in the region of £25,000 to complete. Although we hope to manage to find some local funding through grants and similar we still believe we will need to find in excess of £13,000 to allow us to complete the project.*

*The above gives you an idea of what we'd like to achieve for youngsters to enjoy for many years to come.*

### Richard Cox-Smith

We're very lucky to have Richard to open the music for us at Peasefest 2018. **Richard Cox-Smith** is a gifted exponent of many styles of guitar playing. First introduced to the instrument by his sister and greatly influenced by her folk orientated record collection he was, like many of his age, first inspired by Bob Dylan. As his playing grew more sophisticated the likes of Bert Jansch and John Renbourn became his roll models, but it wasn't until later that he developed the styles you hear today, following in the footsteps of Michael Chapman and John James. He is now a superbly talented player of blues, jazz and ragtime (without forgetting his folk roots), and over the years has enjoyed considerable exposure to the public eye, including spots on national TV and radio and touring with Richard Digance, Maddy Prior and Richard Thompson among others.

### Lisa Faye

**Lisa Faye Broadhead** (LRAM, Dip.RAM, ALCM) is a singer, singing teacher, the author of 'Practice or Talent? What makes us musical?' and Director of 5678 Music Entertainment: a company that educates, entertains and enlightens. A graduate of The Royal Academy of Music in Musical Theatre, she has worked in theatre, TV, cabaret, and recordings. Her show 'Streisand – The Main Event' toured the UK after a west end debut. She has worked with Jim Davidson, The Commitments, The Barron Knights, Jane McDonald, amongst others. Lisa will be performing some of her popular and well known "Diva" repertoire this afternoon - expect to join in!

# Music

## The Blue Jayzz

The Blue Jayzz will be performing an eclectic range of American Folk and Blues from both the US and UK, on a range of instruments including guitar, harmonica, dobro, banjo, ukulele and mandolin. Doyne and Tim will be known to some in Peasemore as two of the "Three Mad Professors" who performed at St Barnabas in 2017 - their cvs are nothing but impressive - but today academia gives way to the blues! **Tim Palmer** CBE FRS is a mathematical physicist. **J. Doyne Farmer** is an American complex systems scientist and entrepreneur with interests in chaos theory, complexity and econophysics. Other than that they play some mean blues...!

## The Parsons

Performing as a duo for for only a short time the Parsons have performed Fairytale of New York for Swindon Christmas Lights Switch on, supported Mark Chadwick from The Levellers and recorded a new album . They have tallied up dozens of Tequila, Gin, Cider, Beer and Ale Festivals (including Newbury Real Ale Festival). The Parsons are made up of established musicians **Jimmy Moore** and **Jenny Bracey** who both set out their own solo careers racking up over 2000 live performances, recorded 3 albums, performed all over the South West of England. Abroad in countries such as Nashville, Malta, Italy. As a duo The Parsons were invited to perform alongside Firkin for their 8th Birthday in their home town of Budapest in Hungary. They have supported legends such as Jon Gomm, Danny Bryant, Dave Allman, Aaron Keylock Band, Gaz Brookfield and loads more. Their sing-along mix of Irish (and other regions) folk songs will definitely get you singin' and dancin'!

## Tomorrow Bird

Tomorrow Bird is an acoustic folk-duo hailing from Reading, UK. This musical pairing of Jen Bird and Simon Driscoll gives rise to a stunning live act that leaves audiences transfixed. They sing of hope, love, loss, courage and empowerment - creating stories and melodies rendered all the more poignant for the duo's rich vocals and seamless harmonies. Following the release of their debut single, Tomorrow Bird were named Best Duo at the 2017 GSMC Awards. The pair have also co-written and produced two full length musicals together; The Island of Lost Children and The Best Murder Mystery Party Ever... **Jen Bird** A former theatre actress, Jen performed lead roles in 'Jesus Christ Superstar' and 'The King & I' before being bitten by the song-writing bug. As a solo artist, she has released two albums and multiple singles. **Simon Driscoll** - began his musical journey as a classical pianist before becoming the front man of folk-rock band, Burnt Tomorrow. Following the release of the band's first two albums, he returned to his classical roots with the stunning piano album, Hope Shines Through.

## The Haystacks Band

**The Haystacks** offer something 'a bit different'. They take popular, well known covers that you can sing and dance along to - and give them a fresh pop-country feel! They cover a wide range of popular songs in their own country/pop fashion! Some of the artists they cover are Amy Winehouse, Jesse J, Kings of Leon, Bruno Mars, Ed Sheeran, Walk the Moon and Taylor Swift. Also expect some country classics by artists such as The Eagles, Dolly Parton and Johnny Cash and some more modern country numbers by Lady Antebellum, Shania Twain, The Corrs and Carrie Underwood. They're a small band but remember - quality isn't always quantity! Fetch the tractor..!!

## WHO'S ALICE?

Here's a four piece alternative rock band from up the road in Oxfordshire with **Adam Baker** on vocals and lead guitar, **Jake Chick** on rhythm guitar, **James Middleton** on bass guitar and **Dan Baines** on drums. With numerous appearances at festivals and venues such as Bunkfest, Brightfest, O2 Academy, The Bullingdon etc etc these guys have experience beyond their years - and bring energetic alt pop that will make your brain dance and your feet think. Make sure you catch their videos on the website - [www.whosalice.co.uk](http://www.whosalice.co.uk)

## AMADOR

**Amador** are a Bristol based indie pop funk trio with influences from the likes of Heim and The Noisettes. With their varied songwriting techniques and wide reaching musical style their music stretches out to a broad range of audiences. Their recent single release - 13 Bullets - can be heard on Spotify with all money raised being donated to the charity "MIND". Expect a different take on "funk" - with three very talented singers (including award winning local Newbury based **Emma Lawrence**) backed by equally accomplished musicians to drive the music into the night. You can find more details about Amador on their Facebook site [www.facebook.com/weareamador](http://www.facebook.com/weareamador)

## The Good Old Boys

Yes - they're back! Having played at a number of previous Peasemore festivals they're very glad to be back on the bill (and still very much alive), playing a lot of new numbers that will round of the festival's music show with a fitting climax making it well worth staying till the end. With a revitalised line-up you'll hear a new solid backbeat from **Stevie Kirby** their new drummer who has a long (not exactly sure how long) pedigree as an international session drummer. The trademark guitar riffs, soaring synth and formidable baseline will serve-up an imposing finale to a great day of music!

## Rose

---

### Moment de Plaisir Rose – France

**Wine Style:** Light and Fruity

Pale pink in colour. Fruity and intense nose, driven by aromas of citrus and enlivened by hints of passion fruit. Greedy, fruity, velvety and persistent in the mouth. Balanced freshness and roundness.

---

## Sparkling

---

### Prosecco Frizzante NV (Colli Vicentini) – Italy

**Wine Style:** Sparkling

Fantastic value Prosecco from our friends at Colli Vicentini, who are one of the few producers to use original grape must in their Prosecco production methods rather than the addition of sugar. Good Prosecco, like this one, must be fresh and gulpable and not left with residual sugar to mask poor quality grapes. Beautifully balanced, with a soft, grapey freshness on the palate - very drinkable!

---

## Reds

---

### Malbec Merlot 2017 (Finca del Alta) – Argentina

**Wine Style:** Fresh Spicy Red

A soft, Argentinian blend from the Mendoza region. Malbec is this area's best red grape and is full-bodied and spicy on the palate. Blended with some soft Merlot, the result is a very easy-drinking, fruit-driven red with nice freshness on the finish

---

### Pinot Noir 2016 (Altitudes) – Chile

**Wine Style:** Pinot Noir & Lighter Reds

A bright, cherry-red colour and aromas of ripe raspberries on the nose. Light to medium-bodied with a palate full of raspberry and red cherry fruit. New World Pinot can often be sweet and cloying – this one is nothing like that, but has beautiful freshness on the finish.
